

# Enabling Mobility through Connecting Solutions

## Go-To Wiring Harness Supplier for Automotive, Electric Vehicle & Industrial Segments

### About us

HTL Ltd is an IATF 16949 certified Wiring Harness Supplier which caters to two & three wheelers, passenger & commercial vehicles, tractors, off-road vehicles & Electric Vehicle segments. HTL's product offerings include Wire Harness, Battery Cable, BMS Parts, Low-Voltage & High-Voltage Harness & EV Components. HTL provides complete solution that ranges from Design to Delivery of wiring harnesses & connecting solutions as required for Automotive, Electric Vehicle & Industrial Segments.

HTL has two state-of-the-art manufacturing facilities as located at Chennai & Hosur.

### Our Offerings

- ✔ Charging Gun
- ✔ BMS Components
- ✔ Low Voltage Harness
- ✔ High Voltage Harness

**Certifications:** IATF 16949 | QMS 9001 | OHSAS 45001 | EMS 14001 | BCMS 22301 | SMS 27001 | AS9100D

### Plant Locations:

#### Chennai:

HTL Ltd, 57, GST Road, Guindy,  
Chennai-600032, Tamil Nadu

#### Hosur:

HTL Ltd, 113/116, SIPCOT Industrial Complex,  
Hosur-635126, Tamil Nadu

## Infrastructure & Facility

HTL has a state-of-the-art wire harness manufacturing facility to completely carry out Design to Delivery of wire harness & components for OEMs across Automotive & Industrial Segments. The facilities at Chennai & Hosur is certified to IATF 16949, ISO 9001 & other relevant global standards.

**Auto Wire Cutting, Stripping, Crimping & Seal Insertion**

**Battery Cable Cutting & Stripping**

**Hydraulic Press Crimping**

**Taping Machine**

**Circuit Checker Board**

**Laying Station**

**Quality Lab**

**Training Centre**

## Products

HTL follows a streamlined product development process from concept to prototype to manufacturing & delivery of Wiring Harnesses to OEMs across all Vehicle Segments.

**Main Harness**

**Battery Harness**

**High Voltage Harness**

**Braided Cable**

**Hub Motor Harness**

**Pigtail - Charging Port**

**Chassis Ground Harness**

**Charging Gun**
