

Interconnect Solutions for High Bandwidth Networks

One Stop Shop for all Fiber & Copper Cabling Solutions

About us

HTL Ltd is an Industry acclaimed Passive Connectivity Solutions Provider in India, which caters to end-to-end solutions for both data and telecommunication applications. HTL offers a complete range of fiber cable assemblies, which are factory-connectorized to produce unsurpassed connectivity while its copper cable assemblies provide dependable high performance cabling infrastructure that would last long into the future. Similarly, company's cabinets portfolio is helping telecom players to reimagine network hardware and cable management systems.

HTL's products comply to IEC, EIA/TIA, TSEC & GR326 Standards which are easy to install, future ready with minimum installation and are manufactured with best-in-class latest technologies to provide fast deployment, provisioning and long-term reliability thereby enabling HTL to be the preferred partner to build future ready high bandwidth networks for enterprises of today and tomorrow.

Our Offerings

- ✓ Optical Fiber Cables
- ✓ Fiber Cable Assemblies
- ✓ Joint Closures
- ✓ FMS/LIUs
- ✓ Aerial Cable Assemblies
- ✓ Copper Cable Assemblies
- ✓ Network Racks

Certifications: TL 9000-H | QMS 9001 | OHSAS 45001 | EMS 14001 | BCMS 22301 | ISMS 27001 | AS9100D
